

“TIC”nology

Simply The Best Patient Education System Available.

What’s your current PVA? What would happen to your practice if it grew to 100, 150 or even 200? Your practice would double, triple or even quadruple! This is why doctors are raving about “TIC”nology!

The course consists of two parts. Part 1, “The Amazing 12 Visit Shift” is a 2 hour training CD that trains the doctor and staff to shift the consciousness of patients to a lifetime, vitalistic chiropractic mindset. Dr’s. Gandolfi and Hoffman use a brilliant Socratic process that completely changes the way your patients will think and act about their health, wellness and chiropractic. Part 2 is a revolutionary patient education process that follows the 12 Visit Shift named, “TIC”nology.” “TIC”nology is the art, science and process of communicating that shifts the patient’s consciousness to lifetime wellness.

“TIC”nology is 26 hours of training on CD’s and 264 visits of specific and scientifically designed Socratic dialogue. It includes 264 pages of patient handouts that support you and your staff. This is a complete and effective patient education system.

You get everything you need during the training. Here is what you get:
